

What is on at Westroyd?

5th October 2024

This week we had a visitor in school, Richard from Pudsey Community Project. He spoke with the children about the different ways the charity helps families and young people in Farsley. It is quite an impressive range of services and we will be sending out more information about what they offer. With our Harvest Festival coming up, having spoken to our children, we think it would be a great idea to collect donations of food for the foodbank. Richard made suggestions of pasta, tins, staples such as tea, coffee, rice, sugar and flour. We will be collecting donations from Monday 14th October until Friday 18th October. Thank you in advance for your contributions.

It is really important that you go onto Arbor and update contact details, medical details and permissions/consents. If we do not have consent, then your child may miss out on participating in activities. The deadline to do this is Monday 7th October. We are currently creating a new website and it is essential that we know either way, in terms of consent if we can share photographs on the new website. Thank you.

Our therapy dog Rosie will be starting visits to school this week. Rosie is a registered therapy dog and we have full insurance for Rosie to be onsite through the charity, Therapy Dogs for schools. Although many of us love dogs, we appreciate that not everyone does and in that some children may have an allergy. If this is the case, then you need to let us know by emailing the office before Thursday 10th October.
