

# Nursery: AUTUMN 2

## Literacy

We are looking at the authors 'Janet & Allan Ahlberg. If you have a book by this author that we could borrow please bring it in. We are using 'Talk 4 Writing' to learn the story 'Each Peach Pear Plum'.

We are developing our accuracy when drawing focusing on circles and lines. We are learning to talk about our drawings and marks. The week beginning 1st Dec will be our next mystery reader week with a focus on Winter/Christmas stories.

## Maths

We are joining with repeats in patterns and exploring our own patterns through lots of hands on activities. We are looking at numbers 1,2 and 3. Children will learn how these amounts can be shown in lots of different ways. We will be learning lots of songs using these numbers. We are learning to show, recognise, count and subitize.

## Communication and Language

We are learning to follow 1 part instructions. We will be listening to stories daily and talk about what is happening with a focus on 'what' and 'who'.

At home you can ask 'what' and 'who' questions when looking at books.

## Personal, Social and Emotional Development

We are learning to develop periods of concentration by staying at an activity for longer periods. We are learning to recognise we might have to wait our turn or share resources. We are continuing to promote and encourage independence skills.

At home model and talk about taking turns and why it is important.

## Physical Development

We are using music and images to move our body in different ways. We are using a range of tools such as scissors and tweezers to develop finger strength, ready for mark making. Why not have a go at doing dough disco at home using the youtube videos.

## SEASONS AND CELEBRATIONS

## Understanding of the world

We learning about different festivals, celebrations and special events. We are sharing our own experiences of these times and learning about differences and similarities in our own lives and those around us.

## Expressive Arts and Design

We are learning poems by heart and taking part in music sessions. We are continuing to explore a range of materials and think more about colour choice when drawing or creating.

Life Skill—blowing our nose and washing our hands.
