

WHAT IS ON AT WESTROYD?

8TH MAY 2026

This week Year 6 have been working so hard as they prepare for next week. We are so proud of all their hard work and know they will all do brilliantly. Thank you to the families that attended the phonics parents meeting we hope you found it useful. Children in Nursery and Reception have had an exciting week with our local PCSO coming into to speak to them about their role in the community. Then today Nursery had an animal encounter with lots of interesting real life animals! We held another parent open session for EYS families too this week all about maths learning. Please see information on the page below about dental treatment for children. A free fundraising page has been set up all you have to do is choose your favourite shops and shop online as normal. Are you struggling to get your child to see a dentist?

Do you think they can sit on a dental chair and accept dental treatment?

Are they between 5 and 14 years old?

We want you

We are currently introducing a scheme in which we accept parental referrals for children to receive a course of treatment at the Leeds Dental Institute. This means that we are able to offer appointments to children on a first-come first-served basis.

The Leeds Dental Institute (LDI) Student Clinic is a teaching unit which aims to provide the best possible care for our patients. Our students provide patient care appropriate to their level of training and experience and are closely supervised by registered dental professionals who are teaching staff for the School of Dentistry, University of Leeds.

This scheme is not intended to provide emergency dental care for your child. If your child is experiencing dental pain, you should look up urgent care services that provide dental treatment or contact NHS 111. Leeds University Dental Students would not replace your General Dental Practitioner. Your child will be discharged after the completion of a course of treatment.

Appointments are **Monday-Friday in term time**. Treatment is scheduled around University holidays, exams and other student commitments. Missed appointments without prior notification may lead to your child being discharged from the care of University of Leeds Dental Students.

Scan this QR code to access our referral form.

Once completed, email it to:
leedsth-tr.dentpaedvolunteersenhs.net
